COX EXPOSES FALSENESS OF PLEA

Harding's Pet Catch Word of America First Ridiculed

DEFENDS LEAGUE

Harding's Message He "Says Is" I Don't Know Where I am Going But I Ask You to Follow Me"

Mitchell, S. D., Sept. 29.—Touring South Dakota yesterday Gov. Cox, of Ohio, discussed the League of Nations and farming problems, and criticised freely Senator Harding's objection to a question interrupting his Baltimore speech.

"America first" and the German slogan, "Deutschland Uber Alles," were debated by the Governor at Tripp with a man in the audience with a decided German accent, who declared his opposition to the League of Nations, saying that "America should take care of herself."

"What was that song they sang in Germany before the war—'Deutschland Uber Alles'?" the Governor retorted. "What was the meaning of that—Germany first above all things, wasn't it?"

"No, it means 'Germany's interests first,'" the candidate was told.

"What happened to Germany?" the Governor retorted. "She attempted to be selfish, she created a great military machine. As a result she developed the hatred of the rest of the world and what happened to her?

"We ought to have a good feeling toward every nation in the world. The probability is that Germany will be a member of the League of Nations before this year is over. What is good for one nation ought to be good for all nations. The salvation of Germany, the salvation of France, the salvation of humanity itself, is to be conserved by the League of Nations."

The Governor began a busy day with a platform talk in Sioux City from the rear of his train at 7.50 o'clock this morning. There the Governor defended the world League and again assailed "the Senatorial oligarchy." He declared the falling of prices of food partly due to the failure of the United States to enter the world League, the European nations being unable to buy American products because unable to get necessary credit.

In referring to the heckling of Senator Harding in his Baltimore address last night, Cox asserted that Harding resented questions as to his position on the world League while he invited them. He also declared that if Roosevelt had been alive, "the Republicans would not have dared to nominate a man who represented the Senate oligarchy."

Many South Dakota Democratic leaders, including a half dozen women, joined Governor Cox in Sioux City.

Governor Cox in his speech at Mitchell was asked by a member of his audience to state his attitude toward the Volstead act. His reply was:

"I shall oppose any measure that is in conflict with the Constitution of the United States and the Eighteenth amendment as interpreted by the Supreme Court."

The Governor issued a statement at Yankton rebuking Senator Harding for the Republican nominee's "objection" to questioning during the Senator's speech in Baltimore last night.

The Governor declared that the Senator was asking the American people to follow him on the League issue, when the Senator himself does not know his own policy. The statement was in part:

"The candidate should welcome inquiries. I can understand how a member of a Senatorial oligarchy which throughout the years has defied public wishes and the public interest, would develop as a habit the thought that the Senatorial mind should not be questioned.

"In our campaign through the west the purpose has been to counsel with the people and in this experience I

Three Washington Men Address Meeting at Chamber of Commerce

Others who spoke were Joseph Y. Reeves and Edward A. Mooers, both of Washington. D. J. Wolfford, president of the Harding Coolidge and Brooks Club, under whose auspices the meeting was held, presided. A number of women also attended the meeting.

EIGHT WHITE SOX PLAYERS INDICTED

Two Arrested—Accused of Throwing Game For Gamblers' Money

ALL ARE SUSPENDED

Cicotte Confesses—Cried in Jury Room—Kills Chances of White Sox Winning American League Pennant

Chicago, Sept. 29.—The Cook county Grand Jury yesterday voted true bills against the following baseball players in connection with its investigation of alleged "throwing" of world series games last year:

Eddie Cicotte, Claude Williams, "Chick" Gandil, "Happy" Felsch, Charles Risberg, Joe Jackson, Fred McMullin and Buck Weaver. All are members of the Chicago American League team (White Sox) except Gandil. Gandil, while still the property of the Chicago club, has not been with the team this season. It is understood when the season opened that he could not reach an agreement with them over salary.

The players are charged with conspiracy to violate a State law.

Voting of the indictments was officially announced by H. H. Brigham, foreman of the Grand Jury, following a conference with Chief Justice McDonald and Alfred S. Austrian, attorney for the White Sox club.

While the indictments at present contain but one count, "conspiracy to do an illegal act," Assistant State's Attorney Hartley Replogle, in charge of the Grand Jury investigation, announced that more counts probably will be added.

Just before the indictments were announced a witness was ushered out of a disused rear door of the Grand Jury room. He was reported to be Eddie Cicotte, the White Sox star pitcher.

Cicotte, who was named in the story of the alleged gamblers' plot told at Philadelphia last night by Billy Maharg, former prize fighter, is said to have signed an immunity waiver and then to have gone before the Grand Jury and testified. The sudden voting of the true bills followed.

Cicotte broke down and cried in the Grand Jury room, one of the jurors said following the voting of the indictments. The juror quoted the pitcher as saying he "wished he were not mixed up in it."

Assistant State's Attorney Replogle announced that Cicotte was taken in custody after leaving the Grand Jury room and is now in charge of William Sullivan, a detective of the State's Attorney's office. He declined to say where the pitcher was being taken.

Charles Comiskey, president of the White Sox, today suspended every member of the team indicted today in connection with the alleged fixing of baseball games. The suspension kills all hope of the White Sox winning the American League pennant this year.

Alfred S. Austrian, attorney for the club, sent the following telegram to Risberg, McMillin, Jackson, Felsch, Weaver, Williams and Cicotte:

"You and each of you are hereby notified of your indefinite suspension as a member of the Chicago American League Baseball Club.

"Your suspension is brought about by information which has just come to me directly involving you and each of you in the baseball scandal (now being investigated by the present grand jury of Cook county) resulting from the world's series of 1919.

"If you are innocent of any wrong doing you and each of you will be reinstated; if you are guilty you will be retired from organized baseball for the rest of your lives if I can accomplish it.

"Until there is a finality to this investigation it is due to the public that I take this action even though it costs Chicago the pennant.

"Charles A. Comiskey."

"We will play out the schedule. If we have to get Chinamen to replace the suspended players," Harry Garbher, secretary of the White Sox, announced this afternoon.

Don't get the idea under your hat that other people think as much of you as you think of yourself.

A TYPICAL REPUBLICAN.

Senator Harding not long ago contributed a little levity to the campaign by solemnly assuring an interviewer that in the event of his election his first step would be to reverse the foreign policy of the United States, and by declaring in the next breath that, despite his membership in the Committee on Foreign Affairs, he had been kept so much in the dark that he didn't know what our foreign policy is.

In Baltimore on Monday night a heckler asked him if Senator Johnson were right when he asserted that Senator Harding had "scrapped the League of Nations." It was a terribly embarrassing question, because Mr. Harding wants the Johnson-Borah wing of his party to believe he has scrapped the League, and the Taft-Wickersham-Root wing to believe that he favors it. So he rebuked the heckler for his impoliteness, but finally was forced to admit that he was against the League as it stands, and has no substitute to offer.

The two incidents throw a strong light on Senator Harding's statesmanship in which even a Republican should be able to discern his incompetence. The Senator's simple creed is this: Anything Democratic in origin or flavor must be condemned; any substitute bearing the Republican label is to be applauded.

After all, is that not the creed of the party? Is it not true that if Woodrow Wilson had happened to be a Republican his every act in peace and war would have been vociferously approved by the very people who are now denouncing him, and the peace treaty, line for line and word for word, would long ago have been ratified.

Harding is typical of the intelligence, competence and sense of justice of his party.

"OPEN COVENANTS."

The President went to Paris to introduce a new order into international affairs, the rule of reason and justice instead of the rule of force. Two things that he saw must be broken down in order to make way for the new order were the balance of power and secret treaties. His Fourteen Points began with "open covenants, openly arrived at."

Nearly all the historians of the peace conference have made merry over the fact that the treaty was secretly arrived at. Mr. Wilson was only one of many statesmen, and Clemenceau and most of the others were against him in the matter of the balance of power, and most of the delegates were opposed to open covenants openly arrived at. They were brought up in the school of the old diplomacy, and they wanted no new order. The Republican newspapers did everything in their power to discredit Mr. Wilson before the peace Conference, and they cited the election of November, 1918, as evidence that he did not represent the American people.

But in spite of the open opposition in front and the mean fire in the rear maintained by the Republicans, Mr. Wilson was successful in a large degree. He did succeed in carrying his project for the League; it is in existence, and pretty much all the nations except Soviet Russia, Mexico and the United States have joined it.

And he carried his point regarding open covenants, even of the peace conference itself sat in secret. A victory of very great importance for the cause of the world's peace has been won. Secret diplomacy, secret treaties, secret clauses in treaties professedly made public, have been the cause of most wars. There will be no more secret treaties between the members of the League and one of the principal causes of wars will be eliminated.

Already England and Japan have made public the treaty made several years before the war by which they mutually agreed to defend each other. The general drift of the treaty was known, but the specific provisions were not. England and Japan invited the Council of the League to say whether the treaty was inconsistent with the Covenant of the League. Take Jonesco, Rumanian Minister, said the treaty entered into by Czecho-Slovakia and Jugo-Slava, which Rumania will undoubtedly join, was about to be filed with the secretariat of the League, by which it will be published. The treaties that bound together the Triple Alliance were secret till after the war. England and France and Russia regarded them as inimical, but they did not know exactly what they were. The treaty between France and Russia and the entente between France and Great Britian were not published, and Germany professed to regard them as hostile. If all these agreements had been published the fear by each group of nations of th other group would have been much less, and probably war would have been averted.

It was one of Mr. Wilson's great services to the cause of the world's peace that there are to be no more secret treaties.

have not only welcomed but invited questions. I can understand how a candidate whose cause is indefensible and whose attitude is vacillating would avoid what the Senator designates as discourtesy.

Senator Harding would have the American people follow him and ignore the intensive labors of eminent men. His message to America is: 'I know not where I am going but I ask you to follow me.' Never before in the history of Presidential campaigns has there developed a situation more deplorable and pitiable."

GOD'S COUNTRY AND THE WOMAN
FEATURING WILLIAM DUNCAN

"God's Country and the Woman" is a thrilling story of the timberlands. Indian guides and wolf-dogs play important roles in James Oliver Curwood's tale. The fight at "Devil's Nest" and the burning of the cabin are spectacular scenes that will long be remembered. William Duncan displays his powerful physical strength and athletic training to advantage and strives for realism as Philip Weyman.

Middle Age at 35 or 60?

Physician Explains Why Lack Of Iron In the Blood Saps the Strength and Vitality and Often Makes Men and Women Look and Feel Old Before Their Time.

By Dr. Ferdinand King, New York Physician and Medical Author

Signs of old age are plainly to be seen in many a man and woman who ought still to be enjoying the rugged health and activity of the early prime of life. Yet often the real cause of their decline is nothing more than lack of iron in the blood and it is surprising how quickly these conditions are frequently corrected once the right kind of iron is supplied.

I am constantly coming across cases in my practise where people not yet 40 show much of the nervousness, lack of energy and general run-down condition which might possibly be expected to come twenty years later in life while others at 60 may still be young in feeling, mentally alert with steady nerves and strong bodies.

Whether we have health and long life is often a question which each one must determine for himself. Signs of old age are largely due to a deposit of waste matter in the blood vessels and cells of the body. Without plenty of strength-giving iron the blood is utterly lacking in the power to overcome this slow poisoning process and keep the body strong and healthy. To make up for this deficiency I usually prescribe organic iron like Nuxated Iron which by enriching the blood and creating thousands of new red blood cells helps renew the wasted tissues and build strength and energy to withstand the ravages of time. I know of no more simple means by which a person can find out if his blood needs iron than by making the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of delicate nervous run-down people in two weeks' time in many instances. You can procure Nuxated Iron from your druggist on an absolute guarantee of satisfaction or your money will be refunded.

RED FLAG HAULED DOWN
Milan Plants Being Returned to Their Owners.

Milan, Sept. 28.—The delivery of all the works and factories to the employers is proceeding almost without incident. Red flags have disappeared and the red guard has disbanded. Commissions representing the men are making an inventory of the work done during the occupation and a statement showing the materials used, whether belonging to the works or received from the outside.

The clerks of the technical staff of the Pirellis Rubber Works have gone on strike as a protest against the return to work of those who attacked and insulted them and called them "black legs." The strikers declare they will not return to work until the offenders are punished.

News from Turin and Genoa and the greater part of the provinces reports that the delivery of the works to the owners is taking place peacefully.

REFINERS CUT SUGAR PRICE

New York, Sept. 28.—Three leading sugar refiners reduced their prices half a cent a pound to 14 cents for fine granulated yesterday. Sugar futures prices broke sharply on the market. October decling to $8.24. This was one cent a pound below the close of Saturday, or the maximum fluctuation permitted for any one day under the rules of the exchange.

Montreal, Sept. 28.—Sugar refiners here yesterday announced a cent and a half reduction, making the present price 19 1-2 cents a pound. The price of flour this morning went down 50 cents a barrel. It was offered to the public at $13.50 and to the bakers at $13.

Railroads Would Issue Notes.

The Maine Central Railroad yesterday applied to the Interstate Commerce Commission for authority to issue first and refunding mortgage gold 6 per cent bonds to the amount of $4,000,000.

The Texas and Pacific Railroad asked authority to issue notes amounting to $635,736, the Indiana Harbor Belt Railroad demands notes totaling $2,200,000 and the Arkansas, Louisiana and Missouri Railroad stock amounting in par value to $1,000,000.

Harding Criticizes Wilson's Failure To Abrogate Treaties

Baltimore, Sept. 28.—Senator Harding departed from his prepared address and dramatically referred to the administration's failure to carry out the terms of the shipping act with regard to commerical treaties.

"It is useless to look for useful results if the President persists in his policy not to carry out the terms of that act. I do not wish to criticize the President, but I want to say to you that if I were President of the United States, as I expect to be, I would call Congress together and tell them why not carry out the provisions of this law. I for one think America is too big, too honorable to have her trade policy fixed by any other people in the world."

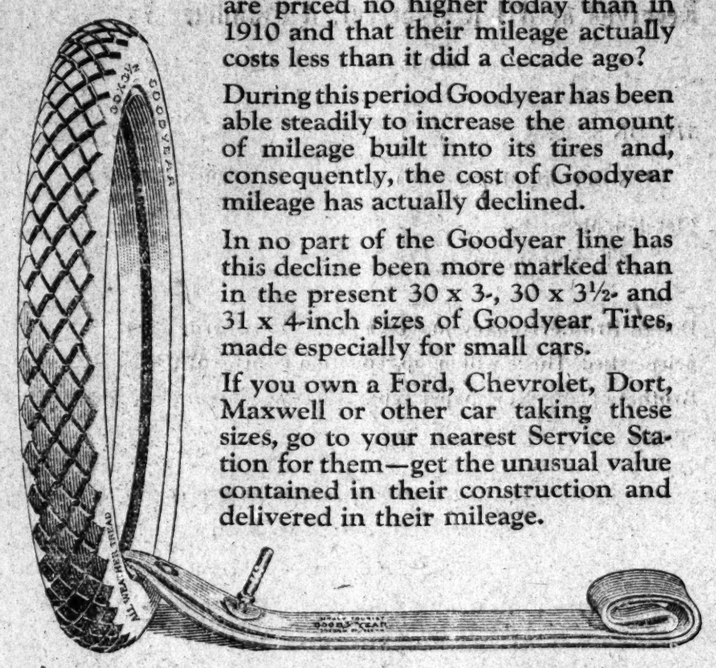
The Reduced Cost of Tire Mileage for Your Small Car



Do you realize that Goodyear Tires are priced no higher today than in 1910 and that their mileage actually costs less than it did a decade ago?

During this period Goodyear has been able steadily to increase the amount of mileage built into its tires and, consequently, the cost of Goodyear mileage has actually declined.

In no part of the Goodyear line has this decline been more marked than in the present 30 x 3-, 30 x 3½- and 31 x 4-inch sizes of Goodyear Tires, made especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for them—get the unusual value contained in their construction and delivered in their mileage.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag* $4.50

AN ALEXANDRIA MAN'S EXPERIENCE

Can you doubt the evidence of this Alexandria citizen?

You can verify Alexandria endorsement. Read this:

J. M. Treakle, oyster dealer, 601 South St. Asaph Street, Alexandria, says: "My back was in such bad shape I could hardly get up after sitting down awhile. I do a lot of fishing and sometimes the pains have caught me so I would have to call for help. I can hardly describe the terrible misery I was in. I had headaches that would almost drive me crazy. When Doan's Kidney Pills were recommended, I got some at the Creighton Drug Store. Doan's did wonders for me. They took all the misery out of my back and now I can go around and do any kind of work. Since Doan's Kidney Pills cured me I have never felt weak and lame like I used to."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Treakle had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

YOU NEVER CAN TAME A WILD CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with your bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodsons Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless pleasant and safe to give to children they like it.
